## Shapers of AAKAR

Mann Jain ( Interior Designer )  
AAKAR

As a designer at Aakar, my expertise lies in meticulous detailing and flawless execution, transforming imaginative concepts into tangible realities. I am deeply committed to cultivating strong client relationships and consistently exceeding their expectations through attentive service and impeccable delivery.

Khushi Singhal ( Interior Designer )  
AAKAR

As a designer, I specialize in blending meticulous details and aesthetic elements seamlessly into spaces while preserving their essential functionality. Furthermore, I prioritize a mindful approach to the design process, striving to minimize resource consumption and environmental impact without compromising on quality or creativity.

# Projects

Aakar specializes in handling a multitude of residential and retail endeavors, where we intricately blend our unique design language with technical intricacies. Our primary focus is on crafting practical and userfriendly designs. By involving clients closely in our process, we not only establish strong relationships but also ensure that the spaces we curate are lively and confidently cater to their needs.

Aakar places a strong emphasis on modern, comfortable living, infusing each design with our unique language. As curators, we believe that living spaces should evoke feelings of joy and a sense of home, where cherished memories are made. As part of Aakar, we strive to align closely with your expectations, crafting beautiful living environments that exceed your desires.

## Residential

Retail design involves a focus on brand creation, encompassing various elements to craft a cohesive concept. At Aakar, we prioritize understanding the brand, conducting thorough research that delves into its backstory, operational mechanisms, and product intricacies. This approach ensures the development of spaces that effectively reflect and enhance the brand identity.

## Retail

In the realm of hospitality design, we elevate the concept beyond mere luxury and aesthetics by placing a strong emphasis on the functionality of the space. Our approach involves meticulously considering the needs of the user and optimizing circulation patterns within the environment. By harmonizing practicality with the elements of luxury and aesthetics, we craft spaces that not only dazzle the senses but also enhance the overall experience for guests.

## Hospitality

In our approach to conceptual design, we immerse the entire structure within the concept, rigorously iterating through drafts to refine and integrate brand elements seamlessly. We view inspiration as essential, actively involving clients in the process to cultivate a collaborative environment where they become integral contributors to the success of our designs at Aakar.

## Concept

We're grateful you've chosen AAKAR to transform your space. We're eager to collaborate with you, utilizing our expertise to realize your vision. With a focus on excellence, we'll work diligently from concept to completion, ensuring your input shapes a design that exceeds expectations. Trust us to deliver on time with meticulous attention to detail, creating a space that blends functionality and ambiance to bring you joy and satisfaction. Let's turn your vision into reality together.
